Delilah Sparks

A former stage magician turned combatant when cops raided her theater. She managed to escape, but she knows that her act makes her a wanted woman. She'll do anything to protect the secrets of her magic, and *loves* having an audience to watch her. Her trio of doves provide backup whenever she gets a little too wrapped up in her own bravado.

Character Select Line	"I'm sure to dazzle you, sweetheart."
Death Line	"So you've seen through the illusion."
Victory Line	"Can't figure me out, can you?!"
Low Health	"I do believe I'm seeing stars..."
Successful Attack	"Ha-HAH! Flawless hat trick!"

Cora Valdez

A sex worker battling her way to the top after being doxxed. After her online profiles were hacked her life has been hell, and now she's here to wreak havoc on the people who crossed her - along with anyone wielding technology to hurt others. She improvises her style based on her environment, so it's a mix of planned surprises and what kind of beat down her opponent deserves. If you catch her eye from behind her mask - it's clear she's having the time of her life.

Character Select Line	"Headed to the top! Or are you more of a bottom?"
Death Line	"This is why I charge upfront."
Victory Line	"You should see what I can do for my private clientele."
Low Health	"Don't count me out yet, hot stuff."
Successful Attack	"This your first time? We can take it slow."
